Dear support team,

I don;t know where we are in this, but this user still doesn;t have full access necessary,  
**It's obvious we dont know how to fill in the SARF correctly. We don;t know whats missing. This was the case bak in may also. Apparently the initial access had not been correctly done, so SARFs were exchanged multiple times.**

**This is a new team. We don't know whatr modules are necessary and what;s behind the accesses we need.**

Bottom line. Mirror user is itofan1

**I need this access solved asap, we're behind with all activity and are accumulating.**

**Bottom line. Mirror user is itofan1`**

**Please, just let us know what we need to fill in in the SARF so that we do that , we approve it and we get it.**

**Who do i need to escalate this to, please?**

**Same for vradu5.**

**Kindly let me know today what;s the next step on this:**

**either full acces, or a person to escalate to to help us with the correct list of accesses to fill in the SARF.**

**Kind regards,**

**Olga**

Hi Team,

Please find the attached SARF received for Alina Breahna and Valentina Radu.

REC access wasn't requested for the users, but Mirror ID has access to REC.

Kindly submit a new approved SARF if REC access is required.

Thanks in advance.

**Subject:** BLESS access for Alina Breahna and Valentina Radu

Hello,

Users Alina Breahna and Valentina Radu still can't access all the features in BLESS.

Can you please provide the SARFs for the **mirrored IDs**, in order to cross-check if the accesses we requested for them are the same as those of the mirrored IDs?

Alina's mirror ID is **LVULPE**

Valentina's mirror ID is **ADUMIT33**

Thank you!
